NEW PORT

NEU: **Vaginalsekulum für die seitlichen Wände**
Dieser Halter passt in Ihr Cusco Spekulum. Die konkave Form und die abgerundeten Kanten garantieren ein sicheres, gewebechonendes Zurückziehen der seitlichen Scheidenwände. Dadurch erhalten Sie eine wesentlich bessere Sicht für alle Ihre gynäkologischen Eingriffe.

NEW: **Lateral Vaginal Retractor**
This retractor was especially designed to fit inside your vaginal speculum. This simultaneous use with a standard speculum like Grave or Pederson will avoid collapse of the vaginal walls. This will give you a much better field of view, which is of utmost importance for all gynecological procedures. The concave shape of the blades and the rounded edges will guarantee a smooth retraction of the tissue.
